The NEAEP understands the importance of developing and maintaining a strong working relationship between veterinarians and farriers as one of the key components to a successful equine practice. In our continuing efforts to foster and promote this relationship, the NEAEP is proud to announce the program for the Farrier portion of our Annual Symposium. Last year's program was a resounding success and we look forward to continuing to improve on that experience with this year's new list of speakers and topics.

The NEAEP Board of Directors includes several farriers - Dave Birdsall, Bob Pethick, Dew Golden and George Fitzgerald - making us unique among current equine organizations. We are excited about the unique perspective we gain from the direct input from our farrier Board Members, such as the development of this year's farrier program. We look forward to seeing you in Connecticut this year! **Over 150 attendees are expected to attend this event.**
